

LONG TERM CARE SERVICES	ELIGIBILITY	SERVICES*
IN THE MEDICAID STATE PLAN:		
Certified Home Health Agency (CHHA)	Eligibility is contingent upon a doctor's prescription. CHHAs have final determination regarding hours of coverage—can choose to deny.	Skilled nursing, physical therapy, occupational therapy, medical social work, durable medical equipment, home health aid service.
Private Duty Nursing (PDN)	Eligibility is contingent upon a doctor's prescription and availability of RNs and LPNs in service area.	Skilled nursing services beyond the scope of a CHHA.
Consumer Directed Personal Assistance Program (CDPAP)	Hours are awarded by County Nurse at the local DSS and are reviewed every six months.	Services can include any of the services provided by a personal care aid, home health aid, and or nurse. These can range from strictly personal care to explicit skilled nursing services.
Personal Care Attendant Services (PCA)	Hours and services are awarded by County Nurse at the local DSS and are reviewed every 6 months.	Housekeeping, meal preparation, bathing, toileting, and grooming.
Adult Day Programs	Eligibility is contingent upon a doctor's orders for treatment and must be assessed to need facility level of care. If either of these conditions changes, one may not be eligible for services. Must have access to centralized location.	Can include nursing, transportation, leisure activities, physical therapy, speech pathology, nutrition, occupational therapy, medical social services, psychosocial assessment, rehabilitation and socialization, nursing evaluation and treatment, coordination of referrals for outpatient, dental services.
Managed Long Term Care (MLTC)	Age 65+; assessed to need facility level of care; able to safely stay at home; expected to need services for at least 120 days; qualify for Medicare or Medicaid.	Care management, nursing, physical therapy, occupational therapy, speech pathology, medical equipment and supplies, podiatry, dentistry, optometry, respiration therapy, social day care, social/env. supports, non-emergency transportation for medical needs.
Programs of All-Inclusive Care for the Elderly (PACE) (Note: PACE is in the state plan but also available through Medicare.)	Age 55+; assessed to need facility level of care; live in the PACE service area; be able to live safely in the community; qualified for Medicaid or Medicare.	Primary care services, social services, restorative therapies, personal care and supportive services, nutritional counseling, recreational therapy, and meals.
NOT IN MEDICAID STATE PLAN:		
Expanded In Home Services for Elderly Program (EISEP)	Age 60+; unqualified for Medicaid.	Non medical in-home services such as housekeeping, personal care, respite, and case management.
IN HCBS WAIVERS:		
Long Term Home Health Care Program (LTHHCP)	Assessed to need Residential Health Care Facility level of care; must meet income and resource allowances according to spouse rules; eligible for and in receipt of Medicaid; individual's costs must be less than 75% of Nursing Facility placement.	Case management, home delivered meals, housing improvements, respiratory therapy, medical social services, nutrition and dietary services, respite care, social day care, moving assistance, social transportation, and congregate meals
Office of Mental Retardation and Developmental Disabilities (OMRDD)	Diagnoses with a DD prior to age 22; be eligible for an ICF/MR level of care; qualify for Medicaid; have chosen HCBS waiver services over institutional care.	Service coordination, residential habilitation, day habilitation, supported employment, prevocational services, respite services, environmental modifications, adaptive equipment, plan of supportive services, family care, consolidated supports and services.
Office of Mental Health (OMH)	Age <18; have a serious emotional disturbance and multiple/complex health needs; assessed to be eligible for institutional level of care; able to be cared for in community-based setting.	Care coordination, crisis response services, intensive in-home services, respite care, family support services, and skill building services.
Traumatic Brain Injury (TBI)	Age 18-65; qualify for Medicaid; be assessed to need facility level of care; diagnoses with a TBI.	Service coordination, independent living skills training, structured day program, home and community-based support services, respite care, community integration counseling, substance abuse programs, intensive behavioral programs, environmental modifications, medical equipment and supplies, transportation, and vehicle modifications.
Nursing Facility Transition and Diversion (NFTD)	Age 18+; qualify for Medicaid; assessed to need facility level of care.	Service coordination, independent living skills training, structured day program, home and community support staff, respite care, community integration counseling, positive behavioral intervention service, environmental modifications, community transition services, assistive technology, congregate and home delivered meals, respiratory therapy, moving assistance, peer mentoring, medical home visits, nutritional counseling, wellness counseling.
Care at Home—DOH	Age <18; declared physically disabled according to SSA standards; had been admitted to hospital for at least 30 consecutive days; qualify for Medicaid (based on parents).	Case management, respite, home/vehicle modification.
Care at Home—OMRDD	Age <18; have a DD; meet SSI criteria for disability; demonstrate complex health needs; assessed to need ICF level of care; qualify for Medicaid (based on parents).	Case management, respite, assistive technology.
Bridges to Health (B2H)—OCFS	A child/youth in foster care; determined to have serious emotional disturbances, DD, and medical fragility; assessed to have institutional level of care.	Health care integration, family/caregiver supports and services, skill building, day habilitation, special needs community advocacy and support, planned and crisis respite, prevocational services, supported employment, crisis avoidance, management and training, immediate crisis response services, intensive in-home supports, adaptive and assistive equipment, accessibility modifications.
